1. Bosco Catholic Education Trust Mission Statement

The Bosco Catholic Education Trust is a Christ-centred family of Catholic academies, within the Diocese of Arundel and Brighton, working together as one body to provide an outstanding education for all. As Catholic schools, we endeavour to develop confident, compassionate and faithful young people. Through partnership, collaboration and mutual support, we seek to enable all those entrusted to our care to become the person God called them to be.

“Serve the Lord joyfully”

2. Aims, scope and principles

The Bosco Catholic Education Trust has a duty to ensure the health, safety and welfare of its employees as far as it is reasonably practicable. Staff wellbeing at work initiatives need to balance the needs of its employees with those of internal policies. It is Bosco CET’s duty to create an environment to promote a state of contentment which allows our employees to flourish and achieve their full potential for the benefit of themselves and our Trust.

Bosco CET are also required to have in place measures to mitigate as far as possible, practicable factors that could harm employees’ physical and mental Wellbeing, which includes work-related stress. The duty extends only to those factors, which are work-related and within the Trust’s control.

Definition of work-related stress is ‘the adverse reaction a person has to excessive pressure or other types of demand placed on them’. There is an important distinction between ‘reasonable pressures’, which stimulate and motivate and ‘stress’ where an individual feels they are unable to cope with excessive pressures or demands placed upon them by their employer.

3. Statement of Intent

This policy recognises that there are many sources of work-related stress, and that stress can result from the actions or behaviors of managers, employees and/or students.

It is acknowledged that if stress in the workplace is not properly managed, poor health and wellbeing, lower productivity and increased sickness absence can ensue.

Bosco CET, the Local Governing Committees, the Headteachers and the schools’ senior leadership teams acknowledge the potential impact that work has on an individual’s physical and mental health, and that there is a persuasive business case as well as a moral and legal duty for taking steps to promote employee wellbeing as far as reasonably practicable. The Trust is committed to fostering a culture of co-operation, trust and mutual respect, where all individuals are treated with dignity, and can work at their optimum level. Work-related stress has a negative impact on employees’ wellbeing and it can take many forms, so needs to be carefully analysed and addressed at school level, as well as reported to the Trust Board.
